COMMENCEMENT AND TERMINATION OF COVERAGE

You are eligible to participate in the plan on the first day of the month coinciding with or next following the date on which you complete 6 months of continuous employment. You are considered continuously employed only if you satisfy the actively at work requirement throughout the eligibility waiting period.

- You and your dependents will be covered as soon as you become eligible.
- You must be actively at work when coverage takes effect, otherwise the coverage will not be effective until you return to work.

To satisfy this requirement, you must be fully capable of performing your regular duties; and be either:

- actually working your employer's place of business or a place where your employer's business requires you to work; or
 - absent due to vacation, weekends, statutory holidays, or shift variances
- If you are not at work because of disease or injury, maternity or parental leave, temporary lay-off, leave of absence, or you go on strike or are locked-out, the date will be extended to the earliest of:
 - the date premiums stop being paid or otherwise determines that insurance has terminated,
 - for a disabling disease or injury, the end of the disability period. No extension will be considered for a non-disabling disease or injury,
 - the date you starts to work in another job more than 20 hours per week,
 - for temporary lay-off or leave of absence including maternity or parental leave, 12 months after your lay-off or leave starts, plus any further period your employer is required by law to extend insurance,
 - an earlier date as determined by your employer,
 - If you are disabled and not receiving disability benefits from the Disability Income Plan (DIP) (CUPE 600 Employees) /Saskatchewan Government Employees Union (SGEU) LTD Plan, you must submit an annual disability application to determine your eligibility for coverage under the Extended Health Care Plan. The application will be assessed by Canada Life and written notification will be provided to PEBA as to whether the definition of disability under the plan has been met. PEBA will then notify your employer of your eligibility under the Extended Health Care Plan. Disability application forms are available from your Human Resources Branch. Once completed, all forms should be submitted to PEBA by your 13th week of disability.
 - Employees working on a non-permanent basis must work no less than 37.5% of the hours of a full-time position.

Your coverage terminates when your employment ends, you are no longer eligible, or the policy terminates, whichever is earliest.

- Your dependents' coverage terminates when your insurance terminates or your dependent no longer qualifies, whichever is earlier.
- Your coverage may be extended if it would have terminated because you are not actively at work due to disease or injury, temporary lay-off or leave of absence. See your employer for details.
- If you are in receipt of benefits from the Participating Employers Disability Income Plan (DIP) (CUPE 600 Employees) or the Saskatchewan Government and General Employees' Union LTD plan (SGEU employees), coverage under the Extended Health Care Plan will continue as long as you are in receipt of benefits under your respective disability plan.
- When your coverage terminates, you may be entitled to an extension of benefits under the plan. See your employer for details.

DEPENDENT COVERAGE

Dependent means:

- Your spouse, legal or common-law.

A common-law spouse is a person who has been living with you in a conjugal relationship for at least 12 months.

- Your unmarried natural, adopted, or step children under age 21, or under age 26 if they are full-time students.
- Any other unmarried children under age 21, or under age 26 if they are full-time students for whom you or your spouse has been appointed guardian for all purposes by a court of competent jurisdiction.

Children under age 21 are not covered if they are working more than 30 hours a week, unless they are full-time students.

Children who are incapable of supporting themselves because of physical or mental disorder are covered without age limit if the disorder begins before they turn 21, or while they are students under 26, and the disorder has been continuous since that time. Satisfactory proof must be provided.

COORDINATION OF BENEFITS

- Benefits for you or a dependent will be directly reduced by any amount payable under a government plan. If you or a dependent are entitled to benefits for the same expenses under another group plan or as both an employee and dependent under this plan or as a dependent of both parents under this plan, benefits will be co-ordinated so that the total benefits from all plans will not exceed expenses.
- For you and your spouse, the plan with no coordination of benefits (COB) provision in the policy or plan document determines benefits first (primary carrier). If the other plan(s) has a coordination of benefits provision, priority goes to the plan in the following order:
 1. the group plan where the insured person is covered;
 2. if a person is a member of two plans, priority goes to:
 - a. the group plan where the member is an active full-time employee
 - b. the group plan where the member is an active part-time employee
 - c. the group plan where the member is a retiree
 3. the group plan where the person is covered as a dependent spouse;
 4. the private plan (Individual Health Plan) where the insured person is covered.
- You and your spouse should first submit your own claims through your own group plan. Claims for dependent children should be submitted to the plan of the parent who has the earlier birth date in the calendar year (the year of birth is not considered). If you are separated or divorced, the plan which will pay benefits for your children will be determined in the following order:
 1. the plan of the parent with custody of the child;
 2. the plan of the spouse of the parent with custody of the child;
 3. the plan of the parent without custody of the child;
 4. the plan of the spouse of the parent without custody of the child

You may submit a claim to the plan of the other spouse for any amount which is not paid by the first plan.

The program works together with your employer sponsored plan to ensure you have affordable access to the vast majority of prescription drugs. This plan covers your prescription drug expenses up to the level of your family deductible under the SSP program. Once this deductible is reached, the SSP assumes responsibility for most of your prescription drug expenses. The only way to ensure you can utilize this coverage is by submitting an application to the SSP.

When your drug claims reach a designated dollar amount in a policy year, you will receive a letter from Canada Life Drug Services requesting you apply to the SSP. After you apply, the SSP will send you a letter confirming coverage and the deductible amount required for eligibility. When you receive this notification please send Canada Life a copy to ensure your claims can be paid accurately and without interruption. For more information contact Canada Life at 1-800-957-9777. How to Make a Claim

- **Out-of-country claims (including those for Global Medical Assistance expenses)** should be submitted to Canada Life as soon as possible after the expense is incurred. It is very important that you send your claims to the Canada Life Out-of-Country Claims Department immediately as your Provincial or Territorial Medical Plan has very strict time limitations.

Access My Canada Life at Work to obtain a personalized claim form or obtain form M5432 (Statement of Claim Out-of-Country Expenses form) from your employer the Public Employees Benefits Agency. The Canada Life Out-of-Country Claims Department will forward the appropriate government forms to your attention when required.

You should complete all applicable forms, making sure all required information is included. Attach all original receipts and forward the claim to the Canada Life Out-of-Country Claims Department. Be sure to keep a copy for your own records. The plan will pay all eligible claims including your Provincial or Territorial Medical Plan portion. Your Provincial or Territorial Medical Plan will then reimburse the the PEBA Extended Health Care Plan for the government's share of the expenses.

Out-of-country claims must be submitted within a certain time period that varies by province or territory. For the claims submission period applicable in your province or territory or for any other questions or for assistance in completing any of the forms, please contact Canada Life's Out-of-Country Claims Department at 1-800-957-9777.
